

Title
Death of a Pregnant Women

Description
After Vivienne's death was reported to the national statistical agency either via an A04 message (if Tester is using HL7 V2.6) or C-CDA from the EHR, the funeral director realizes that he incorrectly entered Vivienne's father's surname in the jurisdictional EDRS. He corrects the decedent's father's surname in the EDRS. The updated record for Vivienne Wright is transmitted either via an ADT^A08 message (if Tester is using HL7 V2.6) or C-CDA, from the EDRS to the national statistical agency.
